

Experience

UX Developer

DLRdmv

December 2023 – Present

- Works across between design and development to deliver front-end design solutions.
- Create user interface (UI) mock-ups and prototypes using Figma.
- Build UI components using Angular, Typescript, JavaScript, HTML, and CSS/Sass.
- Collaborate with back-end developers to integrate APIs to ensure end-to-end product experience.

Sr. UX Designer

OTA World LLC

January 2022 – January 2023

- Led a design team and managed multiple projects for digital and print projects, including user interface (UI) development, web design, branding, and marketing materials.
- Built web product pages using HTML, CSS, and JavaScript.
- Maintained e-commerce websites using Shopify.
- Mentored junior designers to improve team performance and maintain design quality.

UX Designer

OTA World LLC

January 2020 – January 2022

- Designed responsive user interface layouts and features, focusing on user interaction flow, design details, and a mobile-first approach.
- Created digital and graphic contents for company marketing using Adobe Creative Suite.
- Collaborated with an engineer to develop front-end components using HTML, CSS, and JavaScript.
- Planned, shot and edited product photography for use in digital and graphic content.

Product Designer

Pantech Wireless, Inc.

January 2011 – January 2012

- Performed all phases of the mobile design process from concept to design mockups.
- Practiced user experience design methods, including user research, personas, user journey maps, storyboards, user flows, wireframes, and prototypes.
- Collaborated with a manager and a team of designers to refine concepts, articulate design decisions, and drive the product design development process to completion.
