EXPERIENCE

Sr. Web Designer / Developer
OTA World LLC

January 2020 – January 2023
Carrollton, Texas

- Led a design team to create and enhance all visual design, and maintained company websites.
- Responsible for maintaining content and style attributes of marketing and e-commerce pages.
- Knowledge of content management applications and creative marketing tools.
- Designed and developed product pages using JavaScript, HTML, and CSS, and used by over 100+ merchants (Costco, Amazon, Sam's Club, Home Depot, etc.) to market their sites.
- Managed projects using Agile to quickly deliver products to stakeholders, vendors, and customers.
- Created global CSS to enforce a consistent style across all Shopify e-commerce sites.

Visual Designer / Part-time
Binnerri Presbyterian Church

July 2017 – Present
Richardson, Texas

- Create all visual designs for over 400+ members to engage them in worship and events.
- Revamp 2+ websites to make them more visually and experientially accessible to customers.
- Create presentations for speakers to support their sermons and easily interact with the audience.
- Complete projects on time and deliver them to clients according to the church's schedule and goals.

Graphic Designer
Ravis's Ware House

January 2014 – December 2014
Dallas, Texas

- Created print materials such as brochures and flyers to promote products that helped increase sales.
- Implemented lighting and design in a studio environment to produce product images.

Product Designer / Internship
Pantech Wireless, Inc.

January 2010 – January 2011
Seoul, South Korea

- Completed 2 major projects with all mobile design processes from concept to building mock-ups.
- Explored interactions and design ideas by creating storyboards, user flows, and prototypes.
- Collaborated with team members to implement new concept designs during the summer in Japan.
